Gentlemen:-

Upon the suggestion of the Metro-  
-politan Museum I am taking the liberty of sending you  
herewith three coins which I should like to have ident-  
-ified and if possible valued.

I am not able to find anyone here  
or in Toronto who can give me the desired information and  
I shall be much obliged for whatever you can tell me.

Whatever charge there may be for  
the service I shall be happy to remit upon being advised.

With many thanks for any consider-  
-ation you may give to my request, believe me,

Yours very truly,

W.F.L. Edwards.

Dear Sir:

Please pardon the delay in returning your coins to you but they got mislaid for a few days. I have put on the envelopes just what they are. None are rare; in fact, all are common. There was ten cents custom house charges at this end and we charge fifteen cents each for attributing and the return postage you can figure out, say seventy-five for everything.

Very truly yours,
